

Contact: Irrefutable New Scientific Proof!

The Most Important Event In Human History Has Occurred, What It Means to Our Future and Our Survival

These photos, just two of hundreds taken by Mr. Meier in the 1970s, are authentic.

After 25 years of diligent research Michael Horn has conclusively proven that contact with an extraterrestrial **human** race has occurred ... and has been ongoing for **61 years!** Michael's presentation regarding the extraordinary experiences of a relatively unknown Swiss man, Eduard Albert "Billy" Meier, will forever change the way you think and live your life.

And, even though scientists from IBM, JPL, USGS, NASA, McDonnell Douglas and Cornell University have **verified** the authenticity of Mr. Meier's amazing, **still irreproducible**, photos, films, sound recordings and metal alloy samples, you'll learn why this isn't really about UFOs (anymore than Columbus' discovery was about the Nina, Pinta and Santa Maria!)

Beyond Great UFO Photos: A Higher Standard Of Proof

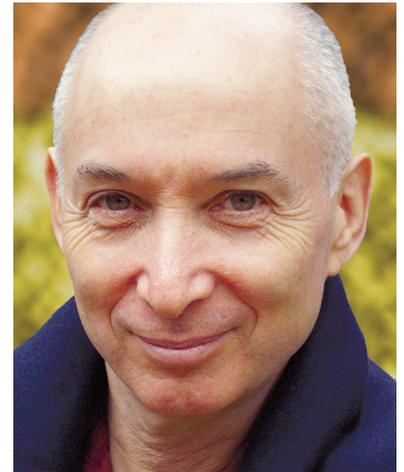

You will learn that Mr. Meier has published absolutely accurate scientific and world event-related information up to **25 years before** "official" discovery or occurrence! You'll see and hear the irrefutable, documented proof of his precise foreknowledge, **decades in advance**, of such diverse matters as the:

- ◆ Destruction of the WTC by terrorism
- ◆ Near-nuclear exchange between India and Pakistan
- ◆ Connection of A-bomb explosions to the ozone damage
- ◆ Discovery of the rings of Jupiter and their composition
- ◆ Detailed description of planetary features of Venus
- ◆ Connection between extracting oil and gas and earthquakes
- ◆ US attack on Iraq and other countries

... and dozens of other **specific** events like volcanic eruptions, earthquakes, assassinations, wars, etc. Plus you'll also hear how the top three professional skeptics' organizations were unable to duplicate or debunk **any** of the evidence and no longer claim that it's a hoax!

Why This Information is Vital To You

Most importantly, after presenting Mr. Meier's proven 30-year record of unprecedented accuracy, Michael will reveal **highly controversial** information about aging, overpopulation, nuclear power, US policies and World War III, abortion, AIDS, pacifism, terrorism, the death penalty, genetic engineering, religion, medical cures, new energy sources and much, much more that you need to know regarding **our future and our survival.**
